

EFFEGI BREGA®

GHIBLI

Aspirator

Equipped with a brushless motor it can work 24 hours continuously without stopping. Service life 5000 hours. The internal cyclone system cuts down 90% of the powder sucked in. Connection with CAM unit. The intermediate filter bag cuts down 100 % of the residual powder. The lamellar filter ensures the release of fine dust-free air into the environment.

EFFEGI BREGA Srl reserves the right to make changes and improvements without prior notice.
