

EFFEGI BREGA®

“**NUBES** **+** **IGINUBES**”

Hygienic system for environments

**Tested
against
BACTERIA
MOLDS
VIRUSES**

NUBES is a nebulizer designed and built by Effegi Brega in compliance with the directives 2006/42/CE, 2014/35/EU, 2014/30 /EU. Completely “made in Italy”, it is equipped with a specific electronic control system that nebulizes the Iginubes mixture.

IGINUBES hygienic agent for environments. Thanks to the device Nubes it can be spread in environments in the absence of the operator.

In order to test the effectiveness of NUBES and IGINUBES, a microbiological investigation was carried out according to the indications of the UNI EN 13697:201 standards by **LABANALYSIS**: laboratory authorized by the Ministry of Health to carry out chemical, chemical-physical, microbiological tests on Medical Surgical Devices, relating to the type of Disinfectants or substances placed on the market as germicides and bactericides.

IGINUBES is a hygienic mixture of water, Isopropanol and quaternary ammonium compounds ready for use and specific for equipment, surfaces and environments.

The solution complies with the directives of the European Regulation EC/CE No. 1272/2008, is low-toxic and does not require any danger symbol on the label. It complies with dangerous goods regulations by road (ADR) or by air (ICAO / IATA) and therefore it is not subject to limitations for transport.

By placing the device NUBES in the centre of an environment and respecting the times and operating settings indicated by Effegi Brega, the following is highlighted:

- ✓ **99,99 % abatement of P.aeruginosa ATCC 15442**
- ✓ **99,99 % abatement of S.aureus ATCC 6538**
- ✓ **99,99 % abatement of E.coli ATCC 8739**
- ✓ **99,99 % abatement of E.hirae ATCC 10541**
- ✓ **96,00 % abatement of A.brasiliensis ATCC 16404**
- ✓ **minimum residue of the active ingredient on the post-treatment surfaces**
- ✓ **It should be noted that ammonium quaternaries are effective against corona viruses as detected by the EPA (US government body) and by the ISS (Higher Institute of Health).**
